The Parish of Pentyrch with Capel Llanilltern skills/talents survey

The Church is described in Scripture as being like a body with many parts, each having a unique role and depending on the other members.

The Church is a community of people, but we worship and meet in buildings which are important to the whole community. These need ongoing attention and maintenance as does our worship and fellowship. Large and complex tasks have to be undertaken by professionals, however there are myriad other aspects of Church life that can, and should be done from within the 'Body'. This survey is an invitation to **everyone** to consider how you may offer time or skills to your Church.

So, If you are **someone who is new to the Church** or this area please don't be shy; you will not be 'signing your life away' by filling this form in! You'll simply be expressing a general interest or willingness to support the Church. If you are a **long-standing worshipper** at this Church this may be an opportunity to flag up a skill or an interest that the rest of the Church Community doesn't know about. "I already do ...and..." if this is you, then we just want to say "thank you" and please continue.

We have deliberately avoided offering a tick list. Instead we have adopted 3 broad sections which we feel cover much of the life of the Church. Inevitably the categories will overlap, but don't be concerned about this, simply outline how you think you might be able to help. Don't forget this may well be a chance for you to have a go at something you've never tried before, you may even discover a latent talent.
